MEMORANDUM FOR: Associate General Counsel

FROM : Admiral Daniel J. Murphy, USN
Deputy to the DCI for the Intelligence
Community

SUBJECT : DCID No. 1/__, "Security Policy Concerning
Travel and Assignment of Personnel with
Access to Sensitive Compartmented Information"

1. Subject DCID (attached) was considered at the National Foreign Intelligence Board (NFIB) meeting on 17 June 1976. One of the major questions raised concerned the legal impact of such a policy statement.

2. The DCI requested that he be provided information as to the legalities of travel restrictions as viewed by the General Counsels of the Intelligence Community agencies. I would appreciate your handling this and giving me a coordinated community position paper on what restrictions can be legally placed on unofficial travel of employees having access to certain categories of extremely sensitive information on sources and methods of Sensitive Compartmented Information.

3. Since this will have to be returned to the NFIB, anything that you can do to resolve this at an early date would be appreciated. If you have any questions on this matter, please call [redacted] Chairman of the DCI Security Committee.

MEMORANDUM FOR THE NATIONAL FOREIGN INTELLIGENCE BOARD

SUBJECT : DCID No. 1/__, "Security Policy Concerning
Travel and Assignment of Personnel with
Access to Sensitive Compartmented Information"

1. The Director of Central Intelligence has authorized the circulation of the attached proposed DCID on the subject for Board consideration. The DCI Committee on Security has prepared this proposed DCID in an attempt to provide a more realistic approach to travel and duty restrictions to hazardous areas in light of today's threat.

2. The Chairman of the DCI Security Committee advises that the proposed DCID has been agreed to by the Chairman, DCI Committee on Imagery Requirements and Exploitation (COMIREX), and the Chairman, DCI Committee on SIGINT and by the Security Committee with NSA and CIA dissenting. The NSA member feels that it is not restrictive enough while the CIA member feels that it is too restrictive. They have asked that their positions be footnoted and their recommended versions of a paragraph in section 4a, Unofficial Travel, are included in the draft DCID.

3. This item has been placed on the NFIB agenda for Board consideration on Thursday, 17 June 1976.
